## POLICY STATEMENT

---

The Coonawarra Vignerons Board formed the following policy statement for the President to communicate as the nominated spokesperson of the Coonawarra Vignerons.

This Policy Statement is shared with members for a collective understanding.

### **Riddoch Highway Speed Limit**

The Coonawarra Vignerons agree that 110kmph zone is a high risk and support an 80 to 90 kmph rezoning. This is a long held position and has lobbied to decrease the speed limit as the interaction with tourist and vintage traffic is a dangerous mix.

It was also noted if questioned re the bypass, the position is as follows:

The bypass has gone through due process with landholders compensated for what they have lost.

### **NOTES:**

Coonawarra Grape and Wine Incorporated (CGWI), trading as Coonawarra Vignerons is an amalgamation of the former Coonawarra Vignerons Association and the Coonawarra Grapegrowers Association. The Coonawarra Vignerons is a not for profit members organisation that supports local grapegrowers and winemakers by facilitating the promotion, marketing, technical innovation, finances and administration associated with the Coonawarra wine region membership. Integral to Coonawarra Vignerons is protecting the integrity, and enhancing the reputation, of Coonawarra as a fine wine region.
